POPULAR VICTORY FOR CLYDE VALLEY

MIDLAND DISTRICT CC RELAY
CHAMPIONSHIP

at Lochinch, Glasgow, November 2nd 1974

In a fiercely competitive race Clyde Valley AC won the Midland District Relay title in their first year of existence when Ron McDonald, running the fastest lap of the day, brought his club through the field on the last lap from 6th place to a popular victory.

John Burns brought Shettleston Harriers home for a first lap lead but David McMeekin lifted Victoria Park into a narrow 3 second lead as Frank Clement, British 1500m record holder, ran a storming lap of 13:12 to bring Bellahouston Harriers from 10th to second place. Alastair Johnson held Victoria Park's lead on the third leg but John Graham had started the Clyde Valley revival with the third fastest lap of the day (13:18) to bring his club into 6th place and give Ron McDonald the ghost of a chance he seized so convincingly on the last lap.

Colin Shields reporting

A large field of 45 teams finished the course and this was almost equalled in the inaugural Young Athletes Relay race where 44 teams finished in a race won narrowly by Victoria Park from Springburn, who displayed their great overall strength in depth when their 'B' team finished in third place. The team consisted of a Junior Boy, Senior Boy and a Youth running a lap of 1½ miles and the great injustice of such a race was revealed when Law & District, despite having their Senior Boy and Youth in the three fastest times in their age group, only finished sixth due to a disastrous run by their Junior Boy on the first lap. Nat Muir recorded the fastest lap of the day (6:50) when gaining eleven places on the last lap, taking Shettleston from 26th to 15th.
