

The third annual championship meet under the auspices of the Scottish Junior Cross-Country Association (Western District) was brought off on Saturday at Hamilton Park racecourse, and if we pass by one or two slight hitches and mistakes on the part of the stewards, the meeting was a successful one, and augurs well for the future of the Association and its energetic president (Mr James Walker) and general secretary (Mr William A. M'Ca.)

A special train from the Central Station conveyed a large crowd to the now well-known race town.
