

**SWCCU East v West Match, at Strathclyde Park, March 3rd.** The overall strength in depth of the East of Scotland proved decisive in the annual East v West Women's match, winning three individual and four team titles in the five age group races contested. The races, postponed from the original January date due to heavy snowfalls and icy conditions, benefited greatly from the spring-like conditions. Kerry Robinson, lacking the competition of her National rivals Judith Shepherd and Fiona McQueen, had things all her own way in the Senior race. She extended a 34 sec lead at the end of the first lap to an enormous winning margin of 78 sec. Another convincing victory came in the Intermediate event where Hazel McNee surprised everyone with an outstanding run to defeat Scottish champion Wendy Sharp by 39 sec. Her rapidly developing running ability is proving of great benefit to her other sporting interest — orienteering — where she is also a Scottish International and in the British training squad. Scottish champion Andrea Everett, daughter of the famous miler of the 50's and 60's Graham Everett, maintained her superiority in the Junior race, though forced to the limit at the tape by her Shettleston clubmate S. Morris after a desperate finish. 1, K. Robinson (E) 20:52; 2, S. McLaren (E) 22:10; 3, B. Harvie (E) 23:13; 4, L. Trotter (W) 23:22; 5, P. Meldrum (W) 23:25; 6, C. Deegan (E) 23:49.
