# **INTERNATIONAL 10KM CUMBERNAULD 12TH DECEMBER**

BOBBY QUINN notched up his fourth victory in as many years in this end-of-year representative match at Cumbernauld, and on this form the Kilbarchan man looks a strong contender for the Scottish cross-country title in February and possibly a place in the British team for the World Champs in March, *Fraser Chyne reports.*

Borders hill farmer David Cavers must however be sick of the sight of Quinn in this fixture. During the past four years, the Teviotdale runner has now finished second on three occasions, and was once third behind his rival.

Veteran Brian Kirkwood showed that he is going to take some stopping in the over 40's ranks this winter, by finishing third in the international division of the race.

In the Inter-District match, which was combined with the international, John Sherban led the East to a second successive win over the West. Sherban actually finished third overall.

North champion Alan Reid showed great promise when finishing fourth overall, second in the inter-district match. Overall, the West had two team wins, while the East and North had one success apiece.
