**6. IAAF Age Groups**

**6.1** The SAL Six Year Plan had indicated deletion of the under 13 championships and this had led to the Commission considering the merits of moving to the IAAF age groups. Ron summarised the document circulated to Commission members. Nigel reported that a meeting was due to take place this weekend with Frank Dick and Leslie Roy on age groups and also that this was the subject of discussions in the wider athletics network. In the current age group structure, it was noted that in January – March each year, athletes can be in 5 different age groups for indoor, outdoor, hill, schools and world events. There are three age group structures applying – IAAF; British and British Schools. It was noted that the IAAF age groups could prove complex to implement in the current cross country structure. Nigel agreed to feed back on the various discussions he was due to be involved in on age groups.
