

THE HARRIERS.

NORTHERN AGAIN TO THE FORE.

With the second of the series of Inter-Club League team races decided, the Edinburgh Northern Harriers have achieved some distinction and at the same time placed themselves comfortably at the head of affairs.

At Portobello three weeks ago they won the opening event, and this they supplemented by another victory on Saturday from Ghungle Baths. In neither case, however, did they supply the first man home, but a commendable feature has been their fine team running, as in both races their four men to count have come home in a bunch.

The race was well contested, and in the absence of A. P. Hamilton, W. G. S. Moor justified expectations by reaching the tape first. That young runner, R. Paterson of the Southern, was not far behind him. In all it was a good race and though public participation, as regards view, is limited, the event nevertheless attracted some attention. The present positions of the clubs are:

Edinburgh Northern	45	points.
Edinburgh Harriers	57	points.
Heriot's C.C.C.	131	points.
Edinburgh Southern	151	points.
