The Races were started by R. Hall Esq.,

First six were all Students

So thoroughly did the Edinburgh University Hare and Hounds demolish their opponents in Saturday's four-miles Cross-country League race at Pitreavie that their counting runners filled the first six places for the lowest possible score of 21 points—a feat unprecedented in the history of the East District League senior competition.

As a result, the students already have a 72 points lead over their nearest rivals, Edinburgh Southern Harriers, with a disappointing Teviotdale squad in third position with 111 points—20 more than Edinburgh A.C., who did well with such a young team.

In the youths' race, where only ten points now cover the first four teams, a close competition is in prospect in the next two races at Newcraighall and Falkirk.

The surprise of the senior boys' event was the outstanding team success of the new Bathgate Miners' Welfare Y.C. who also provided a fine individual winner in John Gallacher, the Bathgate St Mary's schoolboy who was second in the Scottish Schools Under-15 half-mile at Westerlands in June. But someone in officialdom surely erred in asking boys of under 13 to negotiate a heavy two miles course when S.C.C.H. rules limit their maximum distance to one mile.
